

SMALL RESIDENTIAL FLAG POLES ^(T)

RESIDENTIAL SPINNING ALUMINUM

These 5' and 6' X 1", 1 and 2 piece poles have become our most popular item. The poles come in either a Brushed, White, Brite Silver, or simulated Wood Grain Finish along with a gold metallic ball (Silver ball on Brite), 2 flag ring fasteners to attach the flag to the pole and a swivel ring for banner display. The top 40" of the pole rotates on ball bearings and works for flags 3' X 5' and smaller. You can combine any of these poles with our 1" adjustable or 2-way brackets located on page 47 and 48. Some assembly required. Imported.

Wood Grain

All 1pc 5' & 6' Poles will have additional shipping charges \$ 5.00 net per shipment for over sizing.

Brite Silver

RESIDENTIAL FIBERGLASS FLAG POLES ^(T)

RESIDENTIAL GROUND SET

Homeowners, small businesses, and apartment/condominium complexes will sure love this 3-piece sectional flagpole. The tapered design will enhance many architecture styles and its' white gel-coat finish will look new years to come.

The middle and top section snugly connect and when fully assembled, provide a graceful taper with virtually no seam appearance.

The pole comes complete with gold aluminum ball, truck, halyard, snaps, cleat, ground sleeve, and flash collar.

This flagpole construction allows you to avoid the traditional truck shipment expense and when boxed can be sent via most ground methods, though at an oversized rate.
