

# HISTORICAL FLAGS <sup>(T)</sup>

Popular favorites for generations, these colorful flags serve as an historical reminder of the brave men and women that helped form this nation. These nylon and traditional cotton flags are suitable for indoor and outdoor use and feature strong canvas heading and brass grommets. **Designs are subject to change without notice.**

## BETSY ROSS & BENNINGTON

Each of these flags have played a significant role in shaping the United States. Did you know that the Betsy Ross flag was conceived by a group headed by then General George Washington, who commissioned seamstress *Betsy Ross* to execute their design for presentation to congress? Congress adopted the design as the first official United States flag on June 14, 1777. The Bennington flag is believed to be the first Stars and Stripes used by American land troops. It was flown over military stores at Bennington on August 16, 1777 when General John Stark's militia led Americans to victory over a British raiding force. This flag has the unique feature of having a white stripe at the top and bottom instead of the traditional red stripe.
