

VIVICHROME SILK SCREENED NYLON FLAGS & BANNERS (P)

Our bright, long-lasting screen printed 200 Denier SolarMax™ Vivichrome™ nylon flags and banners are the choice for multiple piece quantities, and designs where applique is not an option. See Crowdmaster Fabrics & Color Chart for standard nylon background colors.

All flags have designs reading correct on the front side and reverse (backwards) on the back side and are finished with canvas/poly heading and brass grommets. The long sides and fly-end are doubled rolled and locked-stitched. All banners are 1-sided designs and come finish with grommets. Some common finishing options are listed below.

Lower quantities with multiple colors are good candidates for Digital Vivichrome process.
